

Derrick Wade Waters Case Study

North London is such an exciting area for business, even the property agents are relocating here!

"We love it here in the Hale, it's a busy, dynamic location. It's great here, and it works for us because it's so well connected to the City, West End, Stansted and Cambridge. From Tottenham Hale, we can deal with all north London property markets and further afield, conveniently and effectively." Mark Joslin, Director

Tottenham – an exciting opportunity

Most companies already know how good Haringey is for business, and Derrick Wade Waters has just given the area its own vote of confidence by opening a new office in the heart of Tottenham Hale.

Already well known in the upper Lee Valley and M11/M25 areas, DWW believes it can play an important role assisting both new and existing clients from its new North London office and help them get the most out of all the investment that has been, and continues to be made in the area. "There are some very interesting, forward-thinking businesses in the area and we see exciting opportunities ahead to get involved in the local property market and help firms with their property requirements," Mark Joslin says.

Gary Ince, CEO, North London Business comments "We saw the potential of Tottenham two years ago and moved our offices, the transport links are fantastic and the area is transforming in front of us. With the new planned development of Tottenham Hotspur and construction started on Hale Village you can really see a visible difference in the area. I am pleased that other businesses are also recognising the opportunities Tottenham can offer."

About Derrick Wade Waters

DWW was set up in 1973 and provides a one-stop commercial property consultancy. Its Tottenham Hale team is fully qualified in agency and estate management work, able to deal with property acquisition and disposal on one hand; and landlord and tenant, valuation and property management on the other. The team has knowledge and experience across all property sectors. DWW has considerable planning and development expertise and in this regard works closely with its sister company, DDW Design, in new development, refurbishment and project management situations.

Derrick Wade Waters Opinion

"North London Business provide us with a valuable, free service by marketing our properties but this service also assists businesses looking to relocate. We have received numerous enquiries from companies as a direct response from North London Business's online commercial property search facility. The regular property events they hold are also a useful source of information on local developments and for networking. The launch of the North London Property Alliance shows just how engaged they are with the property industry." Mark Joslin, Director, Derrick Wade Waters
